

Recommendation for a documentation leaflet for the WGK-Classification according to Annex 4 of the Administrative Regulation on the Classification of Substances Hazardous to Waters into Water Hazard Classes (VwVwS) of 17 May, 1999

	Date 10/08/2017
1. Manufacturer/distributor details	

Firm	Manna Pro	
Department	none	
Contact person	Regulatory Manager	e-mail-address admin@mannaPro.uk.com>
Street / P.O. Box	Barnack House Suite 2 Orton Southgate	Tel. 44-(0)-1733 404390 (Office Hours)
Post Code City	Peterborough PE2 6GP	Fax 44-(0)-1733 685437
State	UK	

2. Mixture/preparation specifications

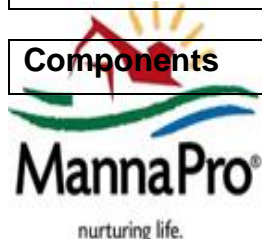

Name	90481 Simple Solution Stain and Odour Remover for Dogs 750ml
Commercial name	90481 Simple Solution Stain and Odour Remover for Dogs 750ml
R-phrase-classification according to § 4b of the of the Ordinance on Hazardous Substances	None

3. WGK Classification

a) according to Annex 4 No. 3 (computation rule)

			Yes No	
Percentage of carcinogenic substances (R45)	WGK 2	1 %*	No	
	WGK 3	≥ 0,1%*	No	
Percentage of carcinogenic substances (R45)		>0 - <0,1%*	No	
Does the mixture contain dispersing agents?			Yes	

Components	Mass fraction based on total amount
-------------------	-------------------------------------

	[%]
WGK 3	None
WGK 2	None
WGK 1	2.70
nwg	97.11
unknown identity	None
resulting WGK	1

* Other limits for R45-classifications specified according to GefStoffV are effective

b) according to Annex 4 No. 4 (test data obtained with the mixture)

	result Evaluation point/	default value
Acute oral or dermal toxicity for mammals		
Aquatic toxicity (at min. 2 species) Fish (96h) LC₅₀		
Daphnia (48h) EC₅₀		
Algae (72h) IC₅₀		
Other hazardous characteristics (according to. Annex. 4, No. 4.4)		
Total number of points		
resulting WGK		

c) according to Annex 4 No. 5 (special mixtures)

The following WGK was determined differing from Annex 4 No. 3 und 4:
Decision of the Commission for the Evaluation of Substances Hazardous to Waters (KBwS) from:

Comments of the applicant	
----------------------------------	--

Please note: This leaflet is regarded as a recommendation for the documentation of a WGK-classification according to Annex 4 of the Administrative Regulation on the Classification of Substances Hazardous to Waters into Water Hazard Classes for manufacturers and distributors of substance mixtures/preparations. The Office of Documentation and Information on Substances Hazardous to Waters (Dokumentations- und Auskunftsstelle wassergefährdende Stoffe) is not in charge of processing these classifications. It is recommended to provide customers and the regional authorities at least the above-mentioned specifications for a WGK classification of substance mixtures/preparations.

Signature of applicant, stamp
